Children's address for harvest Blaze Digital Dispatch
with Naomi Leremore

Note to minister or others taking children's address

Below are ideas for how to top and tail the Digital Dispatch from Naomi Leremore to be used at Harvest. The Dispatch is part of the next set of resources for the Blaze the Bee initiative.

DO NOT MENTION BEFORE THE VIDEO THAT ITS NAOMI AND THAT SHE IS IN KENYA

It is harvest time and at this time of the year we celebrate the crops, fruit and vegetables that the farmers grow for us to eat. Not everyone gets to gather a harvest - though being thankful for what the farmers produce is so important.

However, harvest time is also an opportunity to thank God for the many gifts and talents that he has given to us and to say thank you that we can use those gifts in service for him.

Blaze the Bee has gone on a long trip over the summer to meet one of our global mission workers and learn what they have been doing to help others where they live, using their gifts and talents.

Let's watch the video and see where Blaze has been!

video of Digital Dispatch

Wow – so Blaze has been to Kenya! Amazing!

Naomi is able to use her gifts from God to help those in Kenya to teach children, just like you, about God and produce resources to be used in the Holiday Bible Clubs and other children's ministries.

How could you use what God has given you to help others know about him?

Get some ideas from the children.

Let's pray for Naomi and the team in Nairobi using the prayer points from the end of the video:

1. Pray for the team producing resources for the church family in Kenya. Ask that God will use the materials to bless lots of people.

2. Thank God that children, teens and adults in Kenya are growing to know and love him more, and that they too are learning how to be global disciples.

3. Praise God for the food which grows in Kenya's tropical climate and ask him to provide for those who do not have enough to eat or are finding it difficult to feed their families at this time.
