

Edwin and Anne Kibathi

Location: **London, UK**

Mission: **Pastoral ministry and church planting**

Edwin, accompanied by Mr Njenga from the Men's Fellowship in London congregation, travelled to Kenya on Tuesday to attend the Presbyterian Church of East Africa's (PCEA) Men's Conference in Mombasa. Edwin will also attend another meeting in Nairobi PCEA Head Office next week.

Two other congregations have now gone back to in-person church. These are London and Luton. However the attendances have been very low and we are hoping the situation will improve in the near future.

Birmingham congregation which is yet to resume in-person meetings have planned to start with a monthly fellowship, which will be held in-person on a Saturday to start with.

The youth in London have also resumed their in-person meetings and because of the low numbers, they have decided to alternate between physical and zoom meetings

Next month the Men's Fellowship's monthly breakfast and the Ladies' Fellowship monthly meetings are due to resume meeting together in-person.

Prayer points

- Pray that Edwin and Mr Njenga will be granted journey mercies to Kenya and back, and that their families will also be protected.
- Pray that the numbers of those returning to church services and meetings in-person will increase and that those who are still in fear of the virus will be given encouragement.
