

## Edwin and Anne Kibathi

Location: **London, UK**

Mission: **Pastoral ministry and church planting**

Greetings from London!

The following are some of the thanks and prayer points for events that took place recently and those planned for the near future.

Several members of our congregation took advantage of the lifting of the Covid-19 restrictions both in Kenya and the UK to visit their families in Kenya. Some have already returned, but others are still out there.

The month of October has been the health month in our church calendar and so we have been focusing on our physical health by inviting some health professionals along to speak to the congregation on different topics concerning health.

Our London congregation went back to meeting together in-person in the church on 17 October. The attendance has been very low so far, but we are hoping it will pick up as we move on. The Reading congregation went back to in-person services two months ago and the attendance has also been low.

The youth and children services have continued using Zoom and since the attendance have been good, we intend to continue with it for some time.

During the first week of November, we will join the rest of the Presbyterian Church of East Africa (PCEA) and consider the place of the man in the family, church and the society. This will be done through the platform of Presbyterian Men's Fellowship (PCMF), and on Sunday, 7 November the men will lead the church service in our congregations.

**NOVEMBER 2021**

### <sup>C</sup> Prayer points

- Thank God for the lifting of the Covid-19 restrictions which enabled many families to reunite after a long time. Also for journey mercies and pray that those who have not returned or who are planning to travel will be granted the same.
- Pray that the information shared by the health professionals recently at the church will be of benefit to those who heard it.
- Pray that the members will find confidence to come back to church. Pray too that coronavirus will not rise up again as we approach winter.
- Pray that as the men celebrate their week, it will be a moment to encourage them and to reach out to other men for Christ.
