

Csaba and Ilona Veres

Location: **Cluj, ROMANIA**

Mission: **Outreach ministry and children's ministry and teaching**

We are currently enjoying our time on home assignment and will continue with deputation into early February.

We have been so encouraged by many supportive churches and opportunity to share with congregations and renew fellowship.

Back in Cluj, the Omicron variant of Coronavirus is predicted to peak in mid-February. Cases of Omicron rapidly increased in Romania in late January. Only around 50% of the population are vaccinated with a first vaccine.

We pray for protection and good health for all the Diakonia staff and volunteers.

HOME CARE TEAM

Prayer points

- Pray for protection and stamina for the Diakonia nursing team as they continue to serve in the community during the pandemic.
- Pray for the team of staff in the afterschool programmes in the three counties (Salaj, Bihor, Cluj) as they face continual disruptions to their work through ever-changing regulations. Schools may close by early February.
- In mid or late February, we will return to Cluj, and we would appreciate prayer for safe and smooth travel.
