

Wonderfully Made

www.thegoodbook.co.uk/wonderfullymade

Many churches run successful Toddler groups. But it is often a struggle to make the step from friendship to sharing the good news about Jesus. This resource bridges the gap by supporting mums with practical help and advice through the early years, while also gently sharing something of the Christian message. Short video sessions, practical advice and real stories from mums about life with small children address the common problems and questions that many parents have.

The sessions include:

1. So many questions
2. Wonderfully made....in God's image
3. Wonderfully made....to be creative
4. Wonderfully made....to rest
5. Wonderfully made....for relationships
6. Wonderfully made....to communicate
7. Wonderfully made....but spoiled

This resource offers a real opportunity to talk to new mums at a time when they need encouragement and support. It gives many practical examples through some real mum's stories in the video clips while also giving some gentle teaching from the Bible. The short Bible studies are all based around the book of Genesis although the last session talks briefly about that not being the end of the story.
