

First Look www.whatisorange.org

Orange is an organisation based in the USA that is based on the belief that teaching children about God works best when the church and parents partner together in their strategy to pass on the faith to the younger generations.

You're a pre-schooler, and the world is bursting with newness. Each day is filled with one new discovery after another. Where did that bird come from? Look, the moon is shaped funny tonight! Who thought to colour the butterfly like that?

First Look is a web-based curriculum that uses engaging activities to introduce pre-school children (age birth to five) to God. *First Look* gives children a first impression of their heavenly Father and the wonder of His love for each one of them.

Thinking Orange INCITES WONDER in the heart of a preschooler.

First impressions are important. That's why we designed our *First Look* curriculum to give preschool children a first impression of their loving heavenly Father. The curriculum keeps it simple and fun, repeating one basic truth about God all month long. *First Look* also helps children understand worship and introduces them to small group time.

The activities tickle all the senses making mastering the concepts a blast. Crazy fun activities to crafts to large group Bible story and worship time to small group Bible time; it's all part of the plan to help a child believe three key things by the time he's five years old:

- God made me.
- God loves me.
- Jesus wants to be my friend forever.

Orange also provides resources for parents at home to reinforce what the children have been learning in church and supports them as they carry out their covenantal role as the primary spiritual nurturers of faith in their children.

This is a great resource which teaches three basic but vital truths to children at a young age through story, song, media and interactive activities in a way that will reinforce the truths about God.
