

Diane Cusick

Location: **Lusaka, ZAMBIA**

Mission: **Early childhood education**

'Give praise to the Lord, proclaim his name; make known among the nations what he has done.'
Psalm 105:1

As I write this I am so thankful to the Lord. Last year at this time I was in ICU in the Royal Victoria Hospital. It has been quite a journey. I met with the consultant who is pleased with my progress and I am going to have a medical on 21st June which will guide the final decisions and timing of a return to Zambia.

Teachers are already back at work in Zambia with many children coming to our ECE classes. During the few weeks off, teachers were making some activities for the children to play with during this term. Teachers also had some reading to do which I hope has inspired them to use their creativity for the benefit of the children in their care. It is amazing that technology these days allows us to do things easily across continents, and even reaches rural areas!

GLOBAL DISCIPLES
Go Deep Go Wide

JUNE 2023

I have had the opportunity of attending a couple of Early Childhood conferences online during the last month which has also inspired me with more ideas for the teachers! I hope and pray I can return soon to reconnect with the teachers in person!

During my time here, I have reconnected with a lot of friends and also made a new church family so I feel truly blessed.

Prayer Points

- For Diane as she continues to hope that she can return to Zambia soon and that the medical will be a clear indicator of this.
- Give thanks for the teachers in Zambia, often working in very challenging circumstances with few resources, as they encourage our young children to learn through play, and help them to learn about a loving God who cares for them.
