

Diane Cusick

Location: **Lusaka, ZAMBIA**

Mission: **Early childhood education**

'Let us hold unswervingly to the hope we profess, for he who promised is faithful.'
Romans 10:23

I am continuing to get stronger each day, and pray that my next medical procedure will be soon – I am on the emergency waiting list!! As I get stronger, I find it more difficult to be patient!

I have been walking most days to build up my strength, taking photos of autumn, eating too much and spending time reading and knitting! It's strange for me to have a slower pace of life and not be rushing here and there.

I am grateful to the teachers in Zambia who are continuing to do their work diligently to help the young children in their development! It is wonderful to work with these women who have a passion for their jobs even though they get very little remuneration (about £26 per month).

GLOBAL DISCIPLES
Go Deep Go Wide

NOVEMBER 2022

Because the schools I am working with are church based, and the children pay a little to attend them, there is not much money to share among the teachers. And yet, they all have teaching diploma's. The teachers always give thanks to God that they have a job and at least a little money to assist with their families! It is humbling to work alongside such people!

I am grateful to Rev Sevatt Kabaghe our General Secretary for dealing with some of the issues from ECD while I am in Ireland.

Prayer Points

- Give thanks for Rev S Kabaghe and all the teachers in the ECD programme. Pray that the teachers plan and use their creativity as they prepare activities for the children to do!
- Pray that Diane will be strong enough physically to have the operation when it is scheduled, and that it will be soon.
