

## Edwin and Anne Kibathi

Location: **London, UK**

Mission: **Pastoral ministry and church planting**

Greetings from London, I hope this finds you well.

The following are some of the activities we been engaged with and also hope to have in the near future.

The month of September has been a time to focus on mission as we joined the entire PCEA in praying and reaching out to the needy and the unreached. Here in the UK, our focus has been praying for the unreached while at the same time we have been able to start a fellowship in Birmingham via zoom. We are hoping the fellowship will meet once a month through zoom as we wait for the lockdown to end.

During the month of October, we will focus on health and our health team has arranged a number of health professionals to give talks on health issues every Sunday of the month.

**GLOBAL DISCIPLES**  
*Go Deep Go Wide*

**OCTOBER 2020**

The latest information concerning the second wave of COVID 19 has made us delay reopening of our worship services in the church building. We have decided to wait till the situation stabilises.

We thank God that more children have been turning up for the church school classes on Saturday's which are held on zoom. The youth have also been holding their meetings on Sunday after the main service.

### Prayer Points

- Pray that the Lord will continue touching the lives of many during this month of mission.
- Also, that the Birmingham fellowship will grow and be a source of spiritual encouragement to many now and in the future.
- That during the health month in October, the speakers will be enabled to deliver messages that will help many to live healthy lifestyles.
- That the virtual meetings for the youth and children will continue empowering them spiritually during this challenging time.
