

Prayer Points

- Farmers rarely enjoy a day off. May they rest in the dignity that God has given them: made in his image, made to work the land he created, and loved so much by Jesus that he died for them.
- For God's wisdom for the Council for Mission in Ireland, presbyteries, local churches and Kenny about how best to shape this new post for God's glory and the good of all.
- That Kenny will be a faithful pastor, bringing the good news and hope of Jesus the Good Shepherd with him into every situation. May this make an eternal difference.
- May God bless the agencies who work for the good of farmers and farming families. Enable Kenny to work in fruitful partnership with them.
- We pray for safety for farmers and their families. May God bless the new *Life Beyond* programme and the comprehensive support it offers farming families who have experienced loss through a farming accident or bereavement.
- Give thanks for our local livestock markets, their staff and the business and social hub they provide. Use Kenny to be a blessing to everyone he meets there.
- For Jesus to bless his followers who live in the presbytery areas of Down, Iveagh, Newry and Armagh. Equip Kenny to be an encouragement to the local churches he visits and may he be able to partner with them in spreading Jesus' good news.

Thank you
Kenny Hanna
