Prayer: Stirring Passion for Mission

Please (2)

Introduction:

- Get an inflatable globe and blow it up.
- Throw or pass it to the members of the group asking them to find/name a country in the world beginning with each letter of the alphabet. This is to encourage the children to start thinking in a world-wide way and thinking about all the countries that people live in.

What is prayer of Supplication?

- Remind children about what prayer of supplication is about

Bible story: James 5:16

"The prayer of an innocent person is powerful, and it can help a lot" (James 5:16 - The rest of this section James 5:13-18 is also useful on prayer). Again you could have the children learn the verse by heart if this seemed appropriate.

Activity: World map prayer

Have a large world map that the children will all be able to see and look at. Pinpoint either where people in your congregation are working in mission around the world or where the missionaries within our church are working.

Explain to the children a little about the countries and what the missionaries are doing there. Then compile a list of things to pray about for those working in mission at home and overseas and allow the children to pray their own prayers for our missionaries and their families.
